It was reported that most of the truck's contents were taken by government forces before it entered the town. In addition, the government forces did not allow the medical convoy that is included in the humanitarian convoy to enter.

In Madaya, no humanitarian aid entered. The humanitarian situation is deteriorating, as the local population is starving.

In al-Waer neighbourhood, one thousand people will be transferred on September 9, 2016 to Idlib in accordance to an arrangement of between the Syrian government and the population of al-Waer, which was agreed upon earlier.
